Here is contact info for contractor that was going to assist in pulling. Attached above is his JARPA deemed insufficient by WDFW (for obvious reasons).

Subject: Sub lift pontoons

Hi Shayne,

As per our discussion yesterday... all we (DVRP) have on these pontoons are pictures. Thompson Pile driving was going to assist a friend who owns a salvaging operation and remove them for free, but ran into some permit issues with WDFW. Maybe the Land Manger can resurrect this effort. As requested... here is the contact info for Thompson Pile Driving.
